The Best Choice For Your Compatible Supply Needs

Ordering and Shipping

Order online at www.copytechnologies.com. Secure 24/7 online ordering or order by phone or fax. Free Ground shipping on all orders of \$150 or more. Most other suppliers require you to order at least \$200 or more for free shipping. Only **\$7.50** flat charge for orders under \$150. No minimum order charge for orders placed online.

Availability and Selection

We maintain an average on-hand inventory of at least 400,000 cartridges combined in our Atlanta, GA and Ontario, CA warehouses with more than 150,000 square feet of total warehouse space. With fulfillment from East and West Coast warehouses we are able to provide Ground shipping in 1-2 days for the majority of the U.S.

Quality Assurance and Guarantee

Nearly all of our products are produced in ISO9001/14001 and STMC certified factories. We will credit or refund any defective item for one full year from date of purchase. In addition to purchasing from only certified factories, we continuously verify that quality standards are maintained and consistent with on-going quality checks and testing.

We Only Sell to Resellers

Some of our competitors sell directly to end users via websites they have set up under a different name. In essence these companies are selling directly to your customers and competing directly against you. Copy Technologies will not do this, we only sell to resellers.

Lowest Prices and Volume Discounts

With our buying power, we are able to offer the lowest average prices in the industry. Take an additional 5% off any order of \$300 or more. All "NEW" customers will receive an additional 20% OFF their first order. Volume discounts are available. Please check with one of our representatives for more information.
